VISION/MISSION

VISION

To Imprint an indelible bequest of satisfaction in heart of our client, upholding standards and adherence to engineering practices with high level of integrity and excellency.

MISSION

ZOE - PETRAL INTEGRATED NET LTD is meeting our clients' needs with the Highest quality products and market - leading Engineering Service. This is the reason for our existence and the reason you should chose us for your next project.

...Comfort Solution.

WHAT WE DO

ZOE-PETRAL INTEGRATED LIMITED is a fast growing company set up to provide thorough and up-to-date contracting services in civil/building engineering services, electrical engineering services, HVAC engineering services (that is, installation and maintenance of Heating, Ventilation and Air Conditioning systems), Automation system and solar system installation. We design, install and Procure, with a staff strength that boasts of considerable experience and varied technological back-grounds, the company executes projects using an integrated scientific approach.

The company was established under the Company and Allied Matters Decree of 1990 as a Limited Liability Company.

Our professional capability is reassuring in every step of project execution - from system Construction design, estimating and equipment selection, through surveying, accounting and management to installation, commissioning and maintenance. That perhaps is why all our operations are fully organized and computerized.

The company's mode of operation is flexible enough to accommodate the requirements of the Client. We are capable to handle projects on Design, construction and installation on the above mentioned field of engineering services with more emphasis on HVAC system, electrical/automation and solar system.

WHAT WE DO (cont.)

This is made possible by the presence of highly rated professionals on our team who ensure that projects are not only aesthetically pleasing, but are also structurally stable and serviceable. Our objective is to provide this much needed service, which has not been adequately addressed in most parts of the country in recent time.

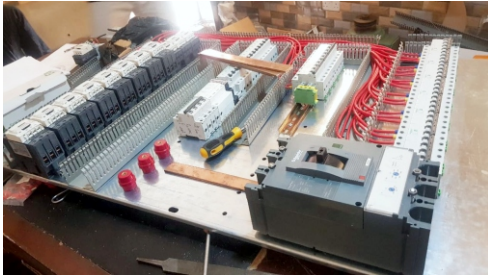

above all we are passionate about our client's satisfaction and committed to the latest occupational health and Safety Act.

...Comfort Solution.

OUR CORE SERVICE

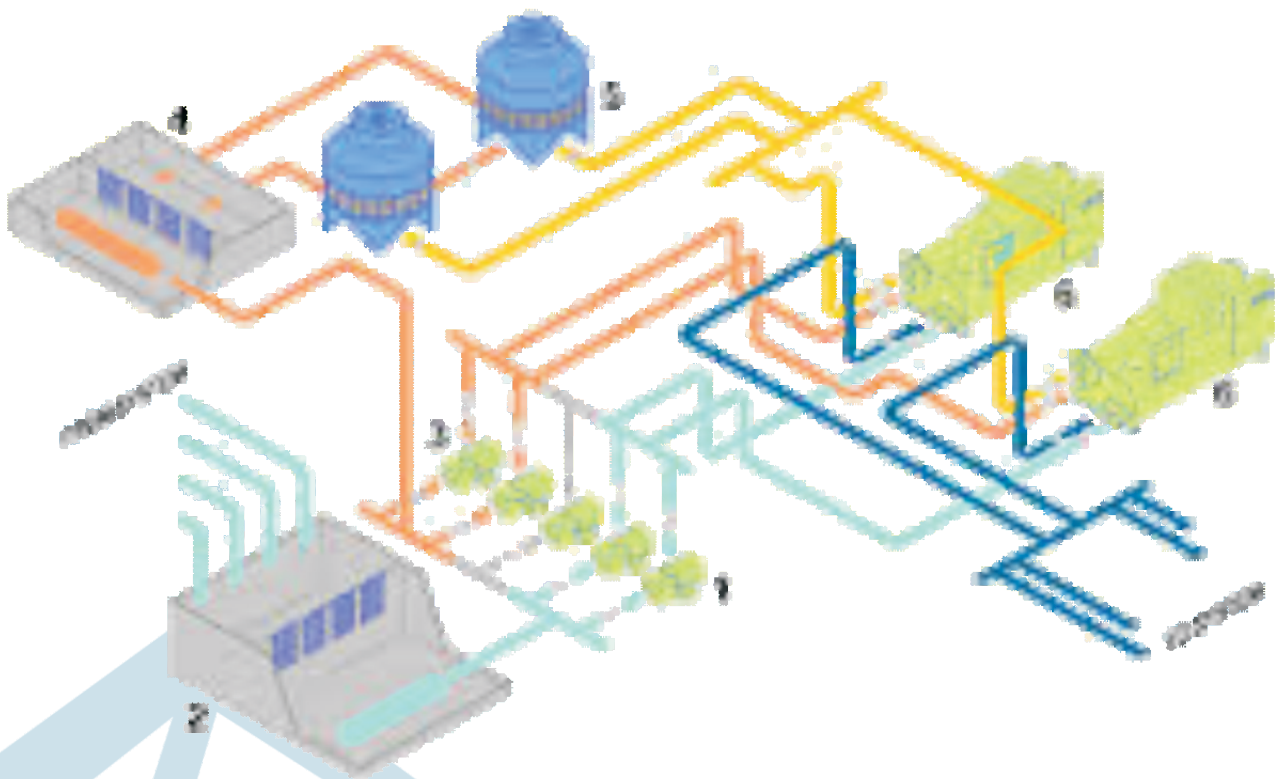

1. HVAC design, installation and maintenance, especially the reigning VRF system
2. Electrical designs, installation and maintenance
3. Design and production of industrial control panels for HVAC equipment etc.
4. Design, programing and production of Automation panel for FAHU etc
5. Chiller Maintenance.
6. Commissioning and maintenance of VRV Systems 7. UPS and inverter installations

...Comfort Solution.

We design building services for architects, consulting engineers and clients on intensive design view requirements in the line with good air condition practice.

INSTALLATION

The installations department undertakes air conditioning, refrigeration and ventilation installation putting life into the drawings approved by the design engineers (consultant).

This department liaises with the client on the actual positioning of the equipment taking into consideration clients' preferences.

A equipment supplied and installed by the company is supported by a comprehensive standard terms and confidence.

MAINTENANCE

Chiller is a device or electromechanical machine that Chilled water for the purpose of removing heat from a space. The chilled liquid is transported to through the aid of pump by pushing the chilled liquid through the fan coil / AHU

Fault finding is the investigation of the cause of malfunction in machinery, especially electronic equipment standard / fundamental Faults

The following is a concise list of typical faults that are common causes of a circuit ceasing to operate correctly:

- *loss Of Supply
- *earth Fault
- * Short circuit
- * Defective Components
- * Breakdown Of Control Circuits
- * Reversed Polarity
- * Initial Faults on Newly Installed Work
- * Phase Rotation etc.

PROJECT PARTICIPATED

PROJECT:- Brono House,
LOCATION: Central Business District Abuja
STATUS: Completed

DESCRIPTION:

- ❖ VRF installation
- ❖ Commissioning of VRF Equipment
- ❖ Design and construction of Protection panel for VRF ODU

PROJECT: - Institute of Human Virology Nigeria,
LOCATION: - Airport Road Abuja
STATUS: Completed

DESCRIPTION:

- ❖ VRF installation
- ❖ Commissioning of VRF Equipment
- ❖ Design and construction of automated panel for FAHU

PROJECT: - Tawada Ltd,
LOCATION: Area 11 Garki, Abuja
STATUS: Completed

DESCRIPTION:

- ❖ Design and installation of duct
- ❖ Design and installation of FAHU and Extractor Fans
- ❖ Commissioning of HVAC Equipment

PROJECT: - Total Building,
LOCATION: Ikoyi, Lagos
STATUS: Completed

PROJECT PARTICIPATED

DESCRIPTION:

- ❖ Commissioning of FAHUs
- ❖ Commissioning of FAHU Automated/DDC panel

PROJECT: - Kings Plaza (Microsoft Building),

LOCATION: Ikoyi, Lagos

STATUS: Completed

DESCRIPTION:

- ❖ Commissioning of FAHUs
- ❖ Commissioning of FAHU Automated/DDC panel

PROJECT: - Bertoua Hospital,

LOCATION: Bertoua, Cameroon

STATUS: Completed

DESCRIPTION:

- ❖ Commissioning of FAHUs
- ❖ Commissioning of FAHU Automated/DDC panel

PROJECT: - CHARLSRY HOTEL,

LOCATION: Airport Road, Port Harcourt

STATUS: Completed

DESCRIPTION:

- ❖ Commissioning of VRF Equipment
- ❖ Installation of I-touch Manager and its commissioning.

PROJECT: - Body of Benchers,

LOCATION: Airport Road, Abuja

STATUS: Completed

DESCRIPTION:

- ❖ Commissioning of VRF equipment

PROJECT PARTICIPATED

PROJECT:- Port Harcourt Int'l Airport
LOCATION:- Port Harcourt
DESCRIPTION :- Commissioning of York YVAA Chillers
STATUS:- completed

PROJECT:- Envoy Hotel and Suite
LOCATION :- Central Area Abuja
DESCRIPTION :- Design, Production and Installation of Control Panel For VRV System, outdoor units.
STATUS :- Completed

PROJECT:- Centre of Excellence ABU Zaria
LOCATION :- Zaria, Kaduna State.
DESCRIPTION :- Production and Installation of Control and interlock Panels For Chillers, Pumps and AHUs. Cable Termination to Central Air Conditioning Equipment, Such As Chiller, Air Handling Unit and Chilled Water Pumps.
STATUS :- Completed

PROJECT PARTICIPATED

PROJECT:- ETISALAT OFFICE

LOCATION:- Wuse II

DESCRIPTION :- Installation of
Electrical services

STATUS:- completed

PROJECT:- South African Chansry

LOCATION :- South African

DESCRIPTION :- Installation of
Electrical building services

STATUS :- Completed

PROJECT:- Center Of Excellence

LOCATION :- ABU Zaria

DESCRIPTION :- Production and installation of control and interlock
panels for Chillers, chilled water pumps and Air Handling Unit.

- Cable terminations to Chillers, Pumps and AHUs

- Installation of mixing valve actuator

STATUS :- Completed

PROJECT:- CBN

LOCATION :- Garki Branch Abuja

DESCRIPTION :- Production and installation of control
and interlock panels for Chillers, Pumps and AHUs.
Cable termination to Central Air conditioning equipment,
such as Chiller, Air Handling Unit and chilled water pumps.
Installation of Variable frequency drive
Configuration and programming of VFD/VSD

STATUS :- Completed

PROJECT PARTICIPATED

PROJECT:- MOB Global
LOCATION :- Abuja
DESCRIPTION :- Installation of Electrical service for duplex

STATUS :- Completed

PROJECT:- Citec Site
LOCATION :- Abuja
DESCRIPTION :- Installation of Electrical service for duplex
STATUS :- Completed

PROJECT:- Nigerian Security Minting & Printing Press
LOCATION :- Abuja
DESCRIPTION :- Production and installation of control and interlock panel for Chillers, AHUs and Pumps.
- Cable termination to Central Air conditioning equipment, such as Chiller, Air Handling Unit and chilled water pumps.
- Cable termination to Mixing Valve actuators.
STATUS :- Completed

PROJECT:- CBN Learning Center
LOCATION :- Kano.
DESCRIPTION :- Production and installation of control and interlock panel for AHUs and DX Outdoor Units.
- Cable termination to Central Air conditioning equipment.
STATUS :- Completed

PROJECT:- Katanpe Estate
LOCATION :- Abuja
DESCRIPTION :- Installation of Electrical service for blocks of duplex
STATUS :- Completed
